CAPACITY

The team at Twin Cities Glass and Aluminium is 20 members strong. Depending on project size and scope, we have the ability to bring in more staff when required.

Our fleet of 13 vehicles allows us to service clients right across north and west Queensland with high quality glass and aluminium solutions.

Our fully equipped workshop in Garbutt in Townsville is set up with efficient work practices in mind. This allows us to respond to a small single repair job for a client through to a large multi-million dollar project with the same ease and efficiencies.

Our efficiencies and on site manufacturing capability allow us to produce high quality results for clients in a cost effective manner.

We work in partnership with clients for long term relationships so we can be ready to respond to industry needs on time and on budget.

QUALITY

At Twin Cities Glass and Aluminium we are committed to producing high quality products and high quality service each and every time we carry out a job for a client. We ensure this through our continuous improvement policies and processes. This framework governs our manufacturing workshop in Garbutt and all on site work.

ENVIRONMENT

Our commitment to minimising the impact our operations have on the environment is carried through every area of our business. From our office, to our workshop, our vehicle fleet and our on site work are all carried out with care for the environment.

SAFETY

Safety is the number one priority at Twin Cities Glass and Aluminium. Our team are proud to carry out our work in a safe manner and looking for ways to minimise risk. Safety in our workplace is more than sound policy and procedure, it is also about attitude.

24 HOUR EMERGENCY SERVICE

In the event of a glass emergency, we're here for you, no matter what the time is. We understand in business, time is money and we'll work around the clock to bring you a solution to get you back trading as soon as possible.

Insurance work is welcome at Twin Cities Glass and Aluminium. We'll work with you and your insurer to get you back on your feet in no time.

MERCHANDISING SOLUTIONS

In addition to high quality fixtures and fittings at Twin Cities Glass and Aluminium, our qualified trades team can design, manufacture and install unique merchandising and display cabinets, shelves and customised retail solutions.

Glass is a terrific way to display merchandise in a retail setting, allowing full focus to be on the merchandise and not the shelves or cabinet. Partnered with great lighting, glass can really show off your wares.

We can produce one off custom designed showcase pieces or multiple, easy to use, easy to clean display systems. In addition, we carry a huge range of spare parts and accessories to assist with maintaining your glass merchandising systems.
